

BLOMSTEIN Expands to Düsseldorf

Initial Team goes live in April

7. April 2026

BLOMSTEIN is opening an office in Düsseldorf, effective April 15, 2026. As part of the initial launch, Christopher Wolters (Partner) and Tobias Ackermann (Senior Associate) will start on the ground. Further team expansions and formal office opening are planned for later this year.

This new location brings us closer to clients in the Rhineland and Western Germany, reinforcing our footprint as a highly specialized, internationally oriented law firm.

Christopher comments: “Opening a presence in Düsseldorf creates a strong cornerstone for our continued growth in Germany. We will develop the office step by step, alongside a team that we will develop in a focused and strategic manner.”

The Düsseldorf office will be spearheaded by Christopher Wolters and Tobias Ackermann – both deeply rooted in North Rhine-Westphalia. Both are returning from BLOMSTEIN’s Berlin office to their home region, where they will continue advising clients.

BLOMSTEIN will share further updates on its Düsseldorf office in due course.

BLOMSTEIN | We provide legal support to our international client base on competition, international trade, public procurement, state aid and ESG in Germany, Europe, and – through our global network – worldwide.
